Details of Achievements

Jeeva jyothi was founded in 1994 with 4 enthusiastic social activists coming together to bring some ethical changes in the lives of the children in difficult circumstances especially children in the streets and working children. Initially we started working with the street and working children living in the slums of North Chennai and then we reached out to Kattunayakkan tribe who were managing their lives on rag picking and hunting and subsequently we extended our services to the Rice mills and Brick kiln workers. As we started working with the Migrant Bonded Labourers in the Rice Mills and Brick Kilns in and around Redhills area of Thiruvallur District, we identified many children who were working as child labourers along with their families. Thus we started our intervention in Redhills. As we worked we started to address the needs of the Migrant Bonded Labourers. We understood that we cannot ensure the rights of the children unless the parents are freed from the bonded labour situation. This has led to numerous legal interventions with the support of District administration and State Human Rights Commission. Bridge School for the Child Labourers, Children manimanram (Children's Club) for the mainstreamed children, Child Rights Monitoring Committee for bringing together all stake holders together for the promotion of child rights, Day Care Centre for the Children of Migrant Labourers living in Rice Mills are some of the numerous interventions we initiated for the promotion of child rights. We worked for the cause of environment protection and promotion. We have conducted many programmes and camps for the environmental issues including preserving nature and reuse and recycle. With this in mind, in 1999 we established a handmade paper Training cum production unit at Kosappur, we are recognized by the Khadi Village Industries Commission (KVIC). The main aim is to recycle the used papers and to provide job opportunity for the women and the youth in the local community. Community Action for Health under National Rural Health mission was implemented through Jeeva Jyothi as a pilot project in Gummidipoondi and Minjur since 2008 Since 2012, we are appointed as the Support Organisation for CHILDLINE 1098 in Thiruvallur District. We have also started working with the differently able through Community Based Rehabilitation Project for the Persons with Disabilities in Sholavaram Block. Apart from the above, on a regular basis we have planted trees in all the working areas, schools and given many street theatre performances on this theme. Folk arts training, Street theatre was provided for the children and the staff.

Source of Funds

Department Name	Source	Finacial Year	Amount Sanctioned	Purpose
